

Lifetime Warranty

Congratulations on the purchase of your LP Italy Watch.

As a world-renowned manufacturer of fine Swiss timepieces for more than 80 years, The LP Watch Group combines old world craftsmanship with new world style. Whether it's a contemporary chronograph or a posh vintage-style wristwatch, your LP Italy is always a pleasure to wear.

Care and Maintenance

Like any finely crafted mechanism, your LP Italy watch requires periodic maintenance for optimal performance. A maintenance interval of 3-5 years is recommended in addition to battery replacement.

Note:

The LP Watch Group only assumes responsibility for services performed by an authorized LP Watch Group technician.

Water Resistance

Only watches marked "water resistant" should be exposed to moisture. The LP Watch Group will not be responsible for any damage caused by, or related to, leakage which originated from improper handling or damage to the case, crown, gasket or crystal.

LP Italy watches featuring calendars allow the date to be advanced. This is done by pulling the stem half way out, then turning clockwise.

Note: Calendar setting should only be performed when the time showing is after 3 a.m. and before 9 p.m. Some watches feature a *screw down* crown. Before the time of day can be set, the crown must first be released or "unlocked" by turning it counter-clockwise then pulling it halfway out. After setting the date, the crown should be closed by pressing in while turning clockwise. The crown should be screwed down snugly. Please be careful not to over tighten.

Lifetime Warranty

Warranty

The LP Watch Group provides limited lifetime warranty coverage on the movement of this timepiece. This limited lifetime warranty provides coverage for defects in manufacturing and expressly excludes excessive wear and tear, and/or damage resulting from misuse, water damage or tampering to the watch. In no event will The LP Watch Group be responsible for consequential damage resulting from the misuse of this product. This lifetime warranty does not cover flaking or discoloration of plated watches. Leather straps, stones and crystal/glass are also excluded. Defects covered by warranty are based upon inspection by an authorized service center and the sole determination of The LP Watch Group.

This warranty is only valid at The LP Watch Group or authorized service center. Improper repair or unauthorized service performed by other than The LP Watch Group or an authorized service center will void this warranty.

To obtain warranty service, please return your LP Italy watch to The LP Watch Group together with; name, address, telephone number, e mail address and service required, or contact The LP Watch Group for an authorized service center. Enclose a check or money order to The LP Watch Group for \$25.00 U.S. to cover shipping, handling, and insurance. International customers shipping from outside the United States please enclose \$45.00 U.S. Watch labor and parts covered under warranty are free of charge. **Please DO NOT send cash.**

All shipping and handling costs in connection with warranty service are the responsibility of the customer. A copy of the sales receipt is also required.

Please send your watch and all other information to:

LP Watch Group
